**STUDENT NOTIFICATION**

It has been observed that a good number of students miss their classes on Friday on one or the other pretext. All the students of the College are directed to attend their classes on Fridays also in offline/online mode, as notified earlier. During a Semester Academic time line, the non-attending of classes on Fridays will lead to a loss of around 15 lectures which cannot be compensated in any way as the Examination dates are notified at the start of the Semester.
